Statements of Commitment to the Global Alliance Against Hunger and Poverty

General section

1. Theirworld hereby voluntarily *joins the Global Alliance Against Hunger and Poverty* and states its dedication to pursue the Alliance's mission, objectives and principles, as *expressed* in the Global Alliance's Terms of Reference and Governance Framework, and to collaborate with other members to achieve lasting solutions to poverty and hunger worldwide, as expressed below.

Theirworld:

2. *Recognizes* that hunger and malnutrition are the perverse manifestations of persistent, structural poverty and inequality, and recognizes the need to end poverty and hunger in all their forms and dimensions and to fully and effectively implement the 2030 Agenda.
3. *Acknowledges* the alarming growth in the number of people facing food insecurity and poverty in recent years, noting that, despite all significant past and current efforts, the world is not on track to meet SDG 1 and 2 targets, inequality is also on the rise (SDG 10), and a significant increase in collective ambition, as well as improvement in collective alignment and coordination for the fight against hunger and poverty, is urgently needed.
4. To that effect, *endorses* the Global Alliance Against Hunger and Poverty and its mission to *support and accelerate efforts to eradicate hunger and poverty (SDGs 1 and 2) while reducing inequalities (SDG 10), contributing to revitalize global partnerships for sustainable development (SDG 17) and to the achievement of other interlinked SDGs, and championing sustainable, inclusive and just transitions.*
5. *Notes* that it is crucial for the world to unite behind large-scale, integrated approaches combining international, regional, national, and local levels, that recognize the interconnected nature of challenges and solutions to hunger and poverty and pair social protection with access to goods and services that can help the poor and vulnerable populations to overcome structural barriers and drive responsible investment in their productive capacity. These complementary services include but are not limited to interventions for poverty reduction, food security and nutrition, early childhood support, education and skills development, employment services, health and care services, as well as family farmers and smallholders' access to finance, extension services, research and/or agricultural inputs, in line with international commitments and obligations.
6. *Particularly recognizes* the high value and positive impact of quality implementation of national and local country-owned, inclusive policy instruments and programmes, focused on the poorest and most vulnerable, in the fields of poverty reduction, social protection, food security and nutrition, gender equality, decent work in the agri-food sector,

skills development, family farming and smallholder agriculture, food systems transformation, health and care services and resilience building.

7. Also *acknowledges* the Global Alliance's reference basket of such policies as a collectively built, ongoing collection of examples with robust evidence to reduce hunger and poverty, and as a useful basis to guide joint action and increase alignment of the international community at country level. This acknowledgement is applicable to the policy basket approach as a general guide to action and does not imply endorsement of any specific policy instrument or programme contained in the basket.
8. Therefore, by joining the Global Alliance Against Hunger and Poverty, *commits* to do its best efforts, in its own field of action, and according to its own mandate, capacities, priorities, preferences, procedures, and legal arrangements and framework, to support the implementation of policy instruments and programmes at country level as appropriate, including by the promotion of shared learning and the mobilization of resources, public and private, at scale.

In particular:

Knowledge support commitments

Theirworld:

Commits to make its best efforts to co-create and provide technical assistance, capacity building and strengthening, training and/or knowledge-sharing on voluntary and mutually agreed terms in response to requests by Global Alliance member countries that choose to implement policy instruments and programmes in the Alliance's policy basket that are compatible with its areas of expertise.

Commits to make its best efforts to improve the alignment of its actions, including through the Global Alliance's coordination mechanisms, leveraging, and partnering with other actors to better support large scale, country-owned implementation of policies and programmes in the reference basket by Global Alliance member countries, aiming at enhancing country-level outcomes.

Commits to collaborate with other Alliance members to develop innovative solutions and share good practices in learning and knowledge exchange and dissemination on voluntary and mutually agreed terms, data collection and analysis, including by leveraging existing local, national, and international knowledge networks, coalitions, communities and other fora related to aspects relevant to the fight against hunger and poverty.

Informs and commits to implementing the following actions, programmes, and other activities in support of the Global Alliance's objectives:

As part of our unwavering dedication to improving early childhood development globally, Theirworld is proud to announce that it will actively commit the Act for Early Years campaign to advancing the Global Alliance's objectives as they relate to early childhood development.

We commit to working alongside partners to support national and regional civil society and other networks to track commitments and ensure delivery of promises made at the G20 for early years.

Theirworld will also launch a coordinated campaign effort to encourage governments to come together to host the first-ever Finance Summit on Early Childhood. This summit will aim to build on the commitments being made at the G20 and further secure the critical investments needed to transform lifelong learning outcomes for all children, ensuring that early childhood development receives the attention and resources it urgently requires.

This initiative will see collaboration between Theirworld, a high-level advisory group of over 24 leading partners—including UNICEF, UNESCO, and other international organizations—and more than 150 leading early childhood organizations worldwide. It will also involve empowering civil society through national and regional campaigns, providing advocacy training and support to over 2,000 Global Youth Ambassadors globally, and engaging with diverse partners, such as early childhood workforce unions, business leaders, First Ladies, and other high-profile champions of the cause.

Through the sustained efforts of this global movement, we are committed to making a lasting impact on early childhood, ensuring that every child has the opportunity to thrive and succeed.

General acknowledgments

Recognizes the possibility to, including through the mechanisms available to Global Alliance members, coordinate, partner with and/or seek support from the Global Alliance's other members, within their respective capacities, availability, and fields of activity, to carry out the present commitments with greater effectiveness.

While recognizing that the above commitments are voluntary and non-legally binding, being subject to and carried out under its own capacities, regulations, priorities, and modalities, as well as to the availability of appropriate resourcing, *strives* to seriously consider, as appropriate, and according to its own legal frameworks and governance process, to review its procedures and priorities as found necessary to better deliver on the present commitments, enhance synergies and joint efforts with other entities and initiatives, and improve outcomes on the collective fight against hunger and poverty.
